

14117 CBMS Emergency Pandemic Unemployment Assistance Interface

CBMS Emergency Pandemic Unemployment Assistance (PUA) Interface will provide verification of Federal UIB payments. These are not the same payments verified through CUBS.

This new interface will verify: *FPUC (Federal Pandemic Unemployment Compensation)* and the *PUA (Pandemic Unemployment Assistance)* currently paid in addition to the FPUC. The PUA interface will not verify Colorado Unemployment Insurance Benefits (UIB) or the PUA payments associated with state UIB. Those payments must still be verified through CUBS.

The new PUA screen found in Follow Up Activities, Interfaces:
