

COVID UNWIND SPECIAL POPULATION RENEWALS

In November 2023, a one time only change will be made to FFC, SSI, and OAP-MA recipients' cases in addition to certain HDT cases that were erroneously locked into continuous coverage when their May renewals for Medical Assistance were completed.

Affected cases will have their renewal date set to January 2024 and undergo the Ex Parte process to retain their current benefits, have their eligibility redetermined for another category of Medical Assistance, or be terminated.

SCENARIOS

- Jordan (36) is locked into continuous coverage for MAGI Adult and earns \$2000 per month. On November 12th, 2023, the MA Ex Parte Process Part A will begin and CBMS determines no verification(s) are required, his reported income is reasonably compatible with the information reported through interfaces and runs EDBC. An NOA is sent to Jordan explaining he will become eligible for Family Planning effective February 1st, 2024. The next certification period begins January 1st, 2025.
- Thomas (29) is locked into continuous coverage for Former Foster Care Medicaid and earns \$1200 per month. On November 12th, 2023, the MA Ex Parte Process Part A will begin and CBMS determines no verification(s) are required, his reported income is reasonably compatible with the information reported through interfaces and runs EDBC. An NOA is sent to Thomas explaining he will become eligible for MAGI Adult effective February 1, 2024. He will have a renewal date of January 1, 2025 established for the future.
