

EBD CBMS Non-Recipient Caretaker Liability

County departments are required to pursue overpayments of Colorado Works benefits from the responsible individual(s). (Rule 3.698.4.D) Caretakers who do not receive Colorado Works themselves and other responsible persons may now be designated as liable individuals for Colorado Works Child Only claims.

Note: This applies to “child only” cases.

Now non-recipient caretakers and other responsible people in the household can be designated as liable individuals for Colorado Works claims.

When CBMS automatically initiates a discrepancy into a valid claim it will designate the Case Payee as the liable individual if it is a “child only” case.

If you create a claim and need to manually assign a liable individual, you will be allowed to add non-recipient caretakers and other responsible people in the household as liable individuals.
