Overview

For Medical Assistance Programs, DRA requirements for Citizenship and Identity (SCHIP) can be obtained by an interface (SVES). This interface is generated in CBMS and calls out to the Social Security Administration to verify both Citizenship and Identity for members on a Medical Assistance case. If verification is received through this interface, CBMS will be updated automatically with the appropriate verification source(s).

New Application:

- 1) Login to CBMS
- 2) Click the Follow Up Activities main tab
- 3) Navigate to the Interfaces tab
- 4) Select SVES Request sub-tab
- 5) Enter the member's SSN, then Load
- 6) Select all radio buttons under SVES Request Type to retrieve all SSA Data required for the program
 - a) If the member is not listed in the data on the page, click the magnifying glass icon to do a client search and select member's name
- 7) Once client information is populated on the page, click Save

NOTE: This concludes the data entry for the SVES request

- 8) Navigate to the Search SVES Data sub-tab
- 9) Enter the SSN to see the appropriate member's SVES data
- 10) Click Search
- 11) Click on the View SVES SCHIP Citizenship Verification Data Related List
- 12) This completes the data entry for the Search SVES Data
- 13) Navigate to the Case by entering the Case Number in the Global Search bar
- 14) Click on Case Number in the results table to access the Members page
- 15) From the Members page, hover over the Actions button
 - a) Select **Begin Interactive Interview** to initiate the Interactive Interview (II) queue
- 16) Navigate to the **Demographics** tab
 - a) Complete the data entry for US Citizen Section as follows:
 - i) US Citizen: YES
 - ii) Status: US Born
 - iii) Verification: Received
 - iv) Source: Client Statement
 - v) Acceptable Doc: No
 - b) SCHIP Interface will call out to the Social Security Administration on the .15 and .45 of each hour
