

SNAP Reinstatement Waiver

WHAT IS IT?

The Reinstatement Waiver allows Colorado SNAP clients to reestablish eligibility without having to reapply for benefits. The waiver will improve the process for clients to get back on to SNAP benefits when they have ended mid-certification.

HOW DOES IT WORK?

An updated page in CBMS titled Rescind/Reinstate

Eligibility workers can reinstate a household's eligibility by entering the Reinstatement date and selecting the Reinstate button.

WHEN?

The CBMS Build project #12755 was implemented in the system on September 22, 2019.

The web-based training (WBT) was published and is available on CoLearn.

Eligibility Workers

Eligibility workers will be able to reinstate a household's eligibility effective October 1, 2019.

Thoroughly review any case before initiating a reinstatement.
